**From exciting design and clever functionality
we make furniture in perfect workmanship.**

With many products and design lines that open up a great deal of freedom in terms of shape, functionality and size, the result is a unique interior design – as individual as life itself.

ENJOYMENT AT ITS BEST.

Dining and living spaces are increasingly merging, both functionally and visually. For furniture designers, this trend means further developing the homely qualities of dining furniture. The dining room is no longer just for eating, the furniture has to be very versatile. The dining table is also a space to play games, work, chat or pursue hobbies. Alone, as a couple, in a small circle or in large gatherings. Depending on the occasion, it must be both informal or sophisticated. Flexibility is more important than ever when it comes to furnishing the dining room.

At hülsta you will find furniture for your dining area - and for even more enjoyment. Our comfortable chairs and beautifully shaped dining tables can easily be combined with various other pieces of furniture and ranges to create a comfortable home. We give you plenty of space for your ideas and an extra portion of comfort. The result is a personal favourite place to lean back, relax and enjoy. Created in Germany by people who love furniture.

DINING TABLE T 70 EXCELLENT FOR A CREATIVE HOME.

With its simple beauty, the T 70 dining table is an elegant yet robust masterpiece. Designed by Martin Ballendat for hülsta as a solitary table, it offers an inviting amount of space. Cast, tapered metal legs in a glossy or dark finish merge flush with precious wood veneered tabletops in oak, ash and core walnut - a beautifully balanced look. The table owes its light, generous charisma partly to its cleverly concealed substructure.

Chair S 1000-11, H/W/D 86.5 x 64.5 x 60 cm: Cover genuine leather Nubuk-Touch light beige 5611, frame powder-coated anthracite
Bar chair S 900-1, H/W/D 89 x 49 x 60 cm: Velour glossy champagne M275, frame powder-coated anthracite

DINING TABLE T 81

AN INVITATION TO ENJOY TOGETHER.

The T 81 brings people closer together. Table legs don't get in the way, even with a large cheerful gathering. With its gentle curves, the table creates an inviting focal point - for a sumptuous Sunday breakfast, a meeting with friends and everything else that can be discussed at a round table. On a rounded column frame rests a beautifully shaped tabletop of your choice: from warm wood veneer or solid wood, with cool ceramic or rear-lacquered glass.

GOOD DESIGN IS INVITING.

Whether elliptical, round or square, its rounded shape means that no one bumps into the T 81. The table column ensures maximum legroom. There is plenty of scope for individuality thanks to the large selection of tabletops: natural oak, core walnut, ash and oak, plus ceramic and rear-lacquered glass in various colours. They perfectly match the table column in anthracite and pure white.

MADE FOR GOOD FOOD AND GOOD CONVERSATIONS.

Visually round and easy to clean, the T 81 also cuts a great figure with a pure white column frame. While the design appears monumental, the functionality of the table makes it very practical.

The architecture of the elegant dining table makes sitting in cheerful company particularly comfortable. It also allows for easy and effortless cleaning of the entire room.

DINING TABLE T 90

THREE STEPS TO YOUR INDIVIDUAL TABLE.

With the T 90 dining table, your ideas define the range: Many features of this modern table system can be customised. Your preferences in terms of material and colour have a direct impact onto the design. Matching or contrasting with the elegant tabletop, the side covers in the frame continue the selected finish right into the frame. The extension mechanism is made from high-quality aluminium and can be easily operated with one hand.

EXTEND THE TABLE WITHOUT CLEARING IT.

- 01** You can pull out the T 90 with one hand without having to remove the tablecloth, dishes or decorations. Just hold and pull.
- 02** You move two of the four legs and expose the sophisticated substructure, which is well hidden until then.
- 03** You simply fold out the extension of the tabletop to transform the T 90 into a long table with maximum legroom.

Dining table T 90, H/W/D 75 x 180 x 95 cm: Tabletop with pulpis ceramic, 4-leg-frame bronze-coloured, covers for 4-leg-frame pulpis ceramic
 Chair S 300-6, H/W/D 75 x 45 x 55 cm: Cover leather look anthracite 4304, wool fabric grey beige 4702, frame powder-coated anthracite

DINING TABLE T 91

A MEETING POINT FOR THE WHOLE FAMILY.

Thanks to the column leg, all guests can enjoy the relaxed legroom at the T 91; it also provides easy access for the vacuum cleaner the next morning. The clever extension mechanism allows extending the practical dining table, even when it is laid, in no time at all. Simply design the T 91 to suit your own ideas: Whilst the base plate is available in pure white or anthracite, the column leg and tabletop are available in lacquer, real wood veneer or ceramic.

Dining table T 91, H/W/D 75 x 200 x 95 cm (extended 75 x 300 x 95 cm):
Tabletop/column leg: White ceramic

SIMPLY FUNCTIONAL.

- 01** Synchronous extension: When pulled out, the table remains in position thanks to an ingenious cable mechanism. It can conveniently be extended even when the table is set.
- 02** How much space to you need? Extension leaves are available in 50 cm and 100 cm. You simply move the tops down to unfold them.

Three options to create an individual table:
Just like the tabletop, the easy-care column leg is available in lacquer, wood or ceramic. Depending on the colour selection, the T 91 delivers a simplistic or homely atmosphere.

DINING TABLE T 100

ELEGANT LOOK.

A table design with almost no right angles: This special feature gives the T 100 dining table its elegant balanced appearance. Supported by the powder-coated metal frame, solid oak tapers from the centre to the filigree table edge. The flowing shape blends organically into any interior design and perfectly matches the solid wood range Persis.

Dining table T 100, H/W/D 74 x 180 x 95 cm: Solid oak natura tabletop, powder-coated quartz frame

DINING TABLE T 120 A DESIGNER PIECE AS A DINING TABLE.

Dark, simple table frames bring cool elegance and a touch of industrial charm into the home - in keeping with the trend. The timeless design of the T 120 is as durable as the material it is made from: Coated metal and stained glass. It gives social gatherings plenty of comfortable legroom.

DINING TABLE T 130

SLIM, TIMELESSLY BEAUTIFUL AND EASILY EXTENDED.

Simplistic design in pure white or anthracite blends in perfectly with any ambience from minimalist to very cosy. Friends spontaneously find space when the T 130 is equipped with an optional 50 or 100 cm extension leaf.

Dining table T 130, H/W/D 74.5 x 200 x 95 cm: Pure white lacquer tabletop, powder-coated pure white arched support
Chair S 700-23, H/W/D 92 x 48 x 68 cm: Cover light beige textured fabric 4501, solid natural oak frame

The T 130 combines the strength of a large tabletop with a filigree interplay of joints, which is down to its sophisticated craftsmanship. The tabletop appears to be floating above the beautifully shaped arched supports.

Dining table T 130, H/W/D 74.5 x 220 x 95 cm
 Tabletop: Anthracite lacquer
 Frame: Powder-coated anthracite

EXTEND THE TABLE WITHOUT CLEARING IT.

- 01** The bevelled tabletop, which elegantly connects to the leg frame, can optionally be extended by 50 or 100 cm - and even with one hand, without having to clear the table. You move the leg frame and reveal the sophisticated substructure, which is well concealed until then.
- 02** Simply fold out the extension of the tabletop to unfold the extension leaves.
- 03** In no time at all, the T 130 is transformed into a long table with maximum legroom.

HÜLSTA COVER COLLECTION

UNPARALLELED DESIGN VARIETY.

No other piece of furniture gets as close to you as the one you sit on. With ergonomically shaped curves and perfect upholstery, the hülsta Dining chairs invite you to linger. They also impress with their individual adaptability. With numerous fabrics, leathers and artificial leathers from the hülsta cover collection, which are perfectly proportioned in terms of design, function and feel, simply design your living environment with special, individually selected covers.

Leathers and cover fabrics are much more than the textile finish of a piece of furniture. They are the most important mediator between function and design. Visual appearance and functional properties are therefore carefully weighed up against each other, because the surface should be hard-wearing and durable, yet also visually appealing and comfortable for daily use.

Enjoy cover fabrics for longer.

With the right care and cleaning, you can maintain the appearance and value of your upholstered furniture for a long time. Like all textiles in daily use, furniture upholstery fabrics require regular care to remove dust and contact dirt. In order to make cleaning easier, you should not let dirt become too intense.

hülsta exclusively uses fabrics from well-known upholstery fabric manufacturers that have been tested for their quality by independent institutes. Only brand-

name fibres such as Dralon, Orlon or Dacron and natural fabrics, which are characterised by their particularly skin-friendly properties, are suitable for the demanding use as upholstery fabrics. Faux leather combines textile fabric made of natural or synthetic fibres and a synthetic coating in such a way that it results in a natural leather look and feel. Due to the material, faux leather has different properties than real leather and should be treated

like an upholstery fabric when it comes to care and cleaning. You can find detailed care instructions in the quality passport on the hülsta website (<https://www.huelsta.com/guarantee>).

Genuine leather reflects life.

If you look closely, you can see the fine marks that nature has imprinted on the animal's skin. Signs of life

The hülsta cover collection

It stands for exciting materials with outstanding properties in terms of durability, design, function and feel. With the hülsta cover collection, it is possible to choose from a wide range of fabrics, artificial leathers and leathers for individual chair designs. Your specialist retailer will be happy to advise you.

such as most wrinkles, scars and stitches combine to form interesting structural images whose unique character cannot be reproduced. They are not a defect, but proof of a genuine natural product. As a precious and unsurpassed material, leather gives our upholstered furniture exclusive beauty and a high level of comfort. Its natural pore structure ensures unobstructed heat and moisture exchange. Leather therefore feels pleasant at any temperature. For allergy sufferers, there is no better cover material, because smooth leather surfaces

can be easily and thoroughly cleaned.

hülsta leathers are made from high-quality Nappa leathers, which used to be reserved for fine glove production because of their incomparable softness. Meticulous selection of the leather raw material and the careful embedding of leather-typical natural features result in upholstered furniture that combines comfort and beauty without any ifs and buts.

CHAIR D 27 THE BEST OF BOTH WORLDS.

Slim as a chair and comfortable as an armchair, the D 27 fits perfectly at the dining table, in the living room or in the conservatory. The wide variety of frames, colours and finishes transform its shape, but not its character. The D 27 convinces with lightness – in design and weight. The clear form of the free-swinging metal frames is matched by the elaborate finish with high-quality seams and contours on the inner arm section.

LIVE
QUALITY.

hülsta stands for quality made in Germany. As a tradition-rich, third generation family business from the Münsterland, hülsta values perfect craftsmanship in combination with modern manufacturing processes, whilst always focussing on the responsible use of natural resources. hülsta therefore exclusively uses wood from sustainable sources and never tropical wood, thus reducing transportation and protecting the environment. That is why all modular units and base frames from hülsta have been carrying the “Blue Angel” since 1996, an award for products that are low in emissions and environmentally friendly. hülsta – durable furniture in harmony with nature.

- 01** All products have been tested many times and are subject to strict quality criteria. That's why we offer a 5-year guarantee on all hülsta modular units when you buy a new one. Always included: unlimited support for questions and requests relating to hülsta furniture. Claiming the guarantee is free of charge for you. You will find this and other interesting information in our service and guarantee pass, which contains the guarantee conditions for all hülsta furniture and lots of important information such as instructions for use and care.
- 02** The “Blue Angel” is subject to strict criteria. Almost all modular units and base frames from hülsta have been awarded the “Blue Angel” since 1996 for being environmentally friendly and low in emissions.
- 03** Since 1974, hülsta has been part of the Deutsche Gütegemeinschaft Möbel (DGM) (German Quality Association for Furniture) and complies with their high standards for quality and consumer protection. hülsta effortlessly complies with the strict criteria that they use for their product testing.
